Stunts:

Fate Points: ☐☐☐ **Refresh: 3**

Carpe Diem — Once/scene Free Action: declare a fitting Scene/Zone Aspect; first invoke free
Licensed — May acquire restricted gear with Rep-Rating (GM oversight applies)
Battlefield Command — Once/scene, allies move to adjacent zone or take cover as Instant Actions
Master Tactician — Once/scene Strategy (Diff 2): make a Scene/Zone Aspect Persistent for you; on Spin, free Maneuver instead
Right Place, Right Time — Spend FP to appear in a scene you were not in (GM may deny if unreasonable)

STUNTS & ABILITIES (DETAILED)

Carpe Diem
Special (Pure only). Once per scene as a Free Action, declare an Aspect on the current scene or a zone (subject to GM veto if it doesn't fit). You may invoke or compel it for free the first time.

Licensed
You have a license to acquire restricted equipment using Rep-Rating instead of Assets. Overuse may draw investigation; being caught can revoke the license (GM may allow replacing this Stunt at next Milestone).

Battlefield Command
Once per scene, as a Simple or Supplemental Action, allow any/all allies who can hear you to move into an adjacent zone or take cover (pg. 152) as Instant Actions on your turn. Does not count against their Instant Action limit. Can be used more than once per scene; extra uses cost a Fate Point.

Master Tactician
Once per scene, make a Strategy test (Diff: 2) as a Free Action. On success, one Scene/Zone Aspect becomes Persistent for you for the scene. If you generate Spin, you may instead attempt a Maneuver as a Free Action; if it creates an Aspect, it is Persistent for you for the scene.

Right Place, Right Time
Spend a Fate Point to appear in any scene in which you were not previously present. GM may deny if you were clearly detained or could not reasonably arrive.

GEAR & EQUIPMENT

Assault Armor

Ppc:Gamma

Reinforced Clothing/Protective Vest (AR: +1)

VR Interface (Ego Channel)

AUGMENTATIONS (DETAILED)

Auditory Amp and Filter Module C Aspect: Auditory Amplifier and Filtering Module(P)
Enhanced hearing and background noise filtering.

ELS System C Severe Cons not Persistent for 12h
Emergency life support auto-activates under lethal threat.

Retinal Implant C Aspect: Retinal Implant
Nanocybernetic eye with zoom and enhanced low-light detail.

DRONES
